

WEBBINGS: POLYPROPYLENE WEBBINGS

Rocky Industries stock many different types of Polypropylene Webbing, available in various colors and specifications for different applications. Our webbings are manufactured to the highest quality standards that meets your expectations. Polypropylene Webbing are usually the most inexpensive webbings in the market, but they are made very durable and strong, and used for luggage, belts, jackets, clothing, bags, straps and many different areas. They are seldom called polypro webbings as well. We stock many different colors with different sizes for your needs. They are categorized with light and heavy
