

**ROOF TEAR-OFF TARP & DRAIN LEAK DIVERT TARP**

Rocky Industries manufactures tarps for Roofing Industry. Our Roof Tear-Off Tarps are made from Extra Heavy Duty 40oz PVC Coated Vinyl Materials for a very durable construction with the long-life of the tarps. They are sewn with Heavy Duty Webbing with the D-rings. These heavy duty roofer's tarp help load debris on the tarp and can be attached onto like a clevis hook to the D-rings and lift. They are widely used in many of the roofing and construction sites. We also manufactures Drain & Leak Divert Tarp for overhead water leaks. Our special design effectively catches and drains water safely to desired area.
