

SCAFFOLD CONTAINMENT/NETTING TARPS & ACCESSORY

Hay tarps are most often used to cover the hay stacks. In most cases, the hay tarps are can be used over many times and seasons. Covering your hays properly with our hay covers can maximize your profit to sell your products just on the right time. Our hay tarps are made from specially constructed 7oz silver/white or black/white 15 Mil Polyethylene fabrics which has the highest tear strength for longevity and the durability. The tarps can be also installed with 2' webbing loops or grommets in any requested distances to help the better pulling and tightening, and can be cinched using ropes or straps and tiedowns.
